

Course Equivalencies for Transfer Credit

This chart is not intended to be an exhaustive list of acceptable coursework. The colleges listed below are the most common transfer institutions to BTC. If the course or college you are attending is not listed below, please contact our transcript evaluator at 360-752-8321 for an individualized record evaluation.

Interpreting this chart:

- Courses listed that include an ampersand (&) are referred to as Common Course Numbers (CCN). CCN's are classes that are offered throughout the community and technical college system since 2008-09. Western Washington University and NW Indian College do not participate in common course numbering.
- Course titles that are shaded (if provided) are equivalent course titles that were offered at that institution prior to 2008.
- If there is more than one approved option, courses will be separated by a semicolon (;). If both courses are required, a plus sign (+) is used instead.
- At this time, Statistics courses do not satisfy math requirements except for the Dental Hygiene, Radiologic, and Registered Nursing program prerequisites.
