Introduction

We are pleased you have chosen Bellingham Technical College as a place to work, study, and learn. The College administration wants to assure you that as part of the BTC community your safety and security are of primary concern. BTC staff are committed to making our campus a safe, nurturing learning environment. Our goal is to provide an environment that enhances and supports the educational mission of BTC.

Federal law requires that the College inform the campus community about the crime risks faced on the campus. This report is written in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998 and provides information about safety procedures and policies at BTC. The information in this report is reviewed and updated on an annual basis and disseminated to all students and employees at BTC.

At Bellingham Technical College, your safety and security are our priority.

—Bellingham Technical College Administrative Staff

Campus Safety Overview

BTC Administrators (Emergency Preparedness/Safety Manager, Facilities Director, Vice Presidents of Student Services, Administrative Services, and Academic Affairs & Student Learning) are committed to working with members of the college community to resolve all criminal matters in a timely fashion. Currently, BTC does not have a campus police or security department but maintains a close working relationship with the Bellingham Police Department and the Whatcom County Sheriff's Office.

BTC Administrators and their representatives have the authority to ask persons for identification and to determine whether individuals have lawful business at BTC. They also have the authority to issue parking tickets, which are billed to financial accounts of students, faculty, and staff.

BTC Administrators and their representatives do not possess arrest power and do not carry firearms. Criminal incidents are referred to the local police who have jurisdiction on the campus. All crime victims and witnesses are strongly encouraged to immediately report any crime to campus administrators and the police.

Access to Campus Facilities

During business hours, the college is open to students, parents, employees, contractors, guests, and invitees. During non-business hours, access to all college facilities is controlled by Facilities staff.

Some facilities, such as the Campus Store and Library, may have individual hours that may vary at different times of the year. In those cases, the facilities will be secured according to schedules developed by the department responsible for the facility. Emergencies may necessitate changes or alterations to any posted schedules.

Unauthorized access to buildings, rooms, or facilities and/or disorderly, disruptive, or criminal behavior on campus or in any College-controlled facility may, at a minimum, result in the person being removed from the campus. Failure to leave when lawfully requested may result in charges of criminal trespass. If a person served with a prior trespass notice reappears on campus, or if a person is found in a posted facility with no legitimate purpose, they are subject to immediate arrest.

Annual Crime Statistics

By October 1st of each year, college institutions must publish and distribute their Annual Campus Security Report (ASR) to current and prospective students and employees. The federal statute, known as the **Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (the Clery Act)**, requires all

colleges and universities that participate in federal financial aid programs to keep and disclose information about crime on and near their respective campuses. The report is required to provide crime statistics for the prior three years, policy statements regarding various safety and security measures, crime prevention programs, and procedures to be followed in the investigation and prosecution of alleged sex offenses.

To comply with crime reporting for the Clery Act, Bellingham Technical College is required to:

- Collect, classify and count crime incident reports and related law enforcement crime statistics.
- Submit crime statistics to the U.S. Department of Education. Each year in the fall we must participate in a web-based data collection to disclose crime statistics by type, location, and year.
- Publish an Annual Campus Security Report (ASR) containing safety and security related policy statements and crime statistics and distribute it to students and employees. Colleges must also inform prospective students and employees about the availability of the report. This report includes data from two years prior to the most recent year. In this particular report, you will see data for calendar years 2017, 2018, and 2019.
- Issue campus alerts and warning notices to provide the campus community with information necessary to make informed decisions about their health and safety.
- Provide educational programs and campaigns to promote the awareness of dating violence, domestic violence, sexual assault, and stalking.
- Disclose procedures for institutional disciplinary action in cases of dating violence, domestic violence, sexual assault, and stalking.
- There are additional requirements for institutions that maintain student housing facilities. At this time, Bellingham Technical College has no residential housing.

Violence Against Women Act

On March 7th, 2013, the Violence Against Women Reauthorization Act of 2013 (VAWA) (Pub. Law 113-14) was signed into law. VAWA includes amendments to the Clery Act. These changes require institutions to disclose statistics, policies and programs related to dating violence, domestic violence, sexual assault and stalking, among other changes.

Clery Reporting Geography & Map

Clery statistics are categorized separately as offenses that occur in the following three locations:

Public Property: This area can be described as public streets that run through or form the border of main campus and its roadways. BTC does not have public

streets running through the campus, but does have public streets that border the campus.

Public Parks: Public Park immediately adjacent to BTC campus. Little Squalicum Park is in this category. Reporting area is one mile into the park boundaries.

The crime statistics listed here were collected from the following sources: law enforcement agencies with jurisdiction over BTC's on-campus, non-campus, and public property locations; the Office of the Vice President of Student Services (Title IX Coordinator); Incident Report Database (internal); Human Resources Department; and Everett Community College Campus Safety & Security Department. Requests for data made to external agencies and internal departments are done in writing on an annual basis.

Hate Crimes

BTC is required to report statistics for hate (bias) related crimes by the type of bias as defined below for the following classifications: murder/nonnegligent manslaughter, manslaughter by negligence, sex offenses (forcible and non-forcible), robbery, aggravated assault, burglary, motor vehicle theft, arson, larceny-theft, intimidation, simple assault, and destruction, damage, or vandalism of property (see definitions on page 31).

A hate or bias related crime is not a separate, distinct crime, but is the commission of a criminal offense against a person or property that is motivated by the offender's bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their race, gender, religion, disability, sexual orientation or ethnicity/national origin.

If a hate crime occurs where there is an incident involving intimidation, vandalism, larceny, simple assault or other bodily injury, the law requires that the statistic be reported as a hate crime even though there is no requirement to report the (first) crime classification in any other area of the Clery compliance document.

For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of their bias against the victim's race, sexual orientation, etc., the assault is then also classified as a hate/bias crime.

Campus Security Authorities

Campus Security Authorities (CSAs) are individuals on campus who have been identified by the College as persons who are required to report crimes that they become aware of. As specified in the Clery Act, and as defined in 34 CFR 668.46(a), those considered to be Campus Security Authorities are individuals who have "a significant responsibility for campus security, including, but not limited to, student housing, student discipline, and campus judicial proceedings" and include "any official ... who has the authority to institute corrective measures" for Title IX purposes under 34 CFR 106.30(a).

Although the College encourages the reporting of campus criminal activity directly to law enforcement, in some instances members of the campus community may choose to file a report with one of the Campus Security Authorities. CSAs are responsible for reporting allegations of Clery Act crimes that are reported to them in their capacity as a CSA. This means that CSAs are not responsible for investigating or reporting incidents that they overhear students talking about in a hallway; that a student mentions during an in-class discussion; that a victim mentions during a speech or group presentation; or that the CSA otherwise learns about in an indirect manner. If an individual reporting an incident needs assistance, a CSA will explain how to get help, even if the victim does not want an investigation conducted. It is not a CSA's responsibility to try to convince a victim to contact law enforcement if the victim chooses not to do so. The decision to act on this option is the victim's; however, in the midst of an emergency, such as a physical assault, a CSA should call 911, as appropriate.

CSA crime reports have an important role in ensuring that the school complies with the law. CSA crime reports are used by the College to fulfill its responsibility to annually disclose accurate crime statistics, and to issue or facilitate the issuance of timely warnings or emergency notifications for crimes that pose a serious or continuing threat to the campus community.

Campus Security Authorities for BTC include but are not limited to:

- Vice President of Student Services
- Vice President of Academic Affairs and Student Learning
- Vice President of Administrative Services
- Executive Director of Human Resources
- Emergency Preparedness/Safety Manager
- Facilities Director
- Deans
- Student Life Director
- Faculty Advisors to Student Groups/Clubs
- Advisors to Students
- Executive Director of Admissions and Advising
- Director of Multicultural and Student Support
- Fisheries & Aquatic Sciences Program Instructor (non-campus location)
- Radiologic Technology Program Instructor (non-campus location)
- Cosmetology Program Instructor (non-campus location)

How to Report Emergencies or Crimes

The Bellingham Police Department is the College's primary partner in safety and security issues. In the event of a threatening situation, call 911. Be prepared to give your exact location and the location of the threatening situation. Once you have called 911, notify your instructor, supervisor, or any administrator.

Accurate and prompt reporting of all crime, suspected crime, and unusual and/or suspicious activity is vital to the safety of the campus community, especially when the victim of a crime elects not to, or is unable to, make such a report. Students and staff should complete an incident report regarding any serious incident or injury that occurs on campus. The report provides a basis for timely warnings when a crime may present a threat to other members of the campus community and assists the College in providing a full disclosure in the annual Crime Statistics Report.

If you observe anything that seems suspicious or out of the ordinary but not immediately threatening, notify your instructor, supervisor, or any administrator and report the incident online: www.btc.edu/safety.

Various campus departments cooperatively address safety issues. The offices of Academic Affairs & Student Learning, Administrative Services, Human Resources, and Student Services work with Emergency Preparedness/Safety, Campus Assessment, Response, and Evaluation (CARE) Team, and the Emergency Response Team to prevent and manage situations that threaten to disrupt the learning environment.

Confidential Reporting

If you are a witness to, or victim of, a crime, or if you need to communicate with College officials about incidents or behaviors that affect the safety and security of BTC, and would like your identity kept in confidence, BTC has developed an online reporting tool called the Incident Reporting Form. Issues relating to personal safety, theft, and substance abuse are serious issues that, if not reported, may lead to more serious safety concerns. The Incident Reporting Form is a secure way to report these and other safety issues or suspicious behavior anonymously. Once submitted, only appropriate campus personnel will have access to the report, and investigations will be handled accordingly.

The form is located on BTC's website under the Safety Information page: www.btc.edu/safety. BTC counseling services are also available to assist with student emergency/crisis issues and can offer confidential reporting opportunities. Counselors are located in College Services, Room 106, and can be reached by phone at 360.752.8345.

Please Note: Professional counselors at BTC, acting in their role as mental health professionals, are not Campus Security Authorities and are not required to report

crimes for inclusion in the annual Clery Report. However, BTC encourages its counselors, if and when they deem it appropriate, to inform the person they are counseling of any procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

Emergency Response, Notification Methods & Evacuation

Emergencies or disasters can happen at any time and usually occur with little or no warning. When an emergency occurs at BTC, our safety and speedy recovery depend on existing levels of preparedness and coordinated response from students, faculty, and staff. The most important emergency procedures to become aware of and prepared for include: fire, explosion, earthquake, a winter storm, power outage, an evacuation for various reasons, a suspicious person or object, an intruder alert, an active shooter, or a hazardous material incident. While some emergency responses are similar, some may be very different.

Students, staff, and faculty must familiarize themselves with BTC's Emergency Reference Guide that details the college's emergency response and evacuation procedures. Emergency Reference Guides are posted in common areas on campus, classrooms, offices, and can be found on BTC's website:

www.btc.edu/General/Publications/Safety/EmergencyHandbook.pdf.

BTC also conducts emergency response and evacuation drills on an annual basis. BTC's academic year runs on a quarterly basis from mid-September to mid-June. The regular emergency drill schedule is as follows: earthquake drills are generally held during Fall Quarter (between September–December), lock down drills are generally held during Winter Quarter (January–March), and fire drills are held during Spring Quarter (April–June).

BTC maintains a close working relationship with local emergency management officials and invites the Bellingham Police and Fire Department to participate in campus-wide drills and exercises.

Upon confirmation of a serious incident that poses an immediate threat to members of the campus community, the college will immediately notify the campus community through various methods of communication. These methods of communication include notification of emergency or evacuation through the college's annunciation/paging system, blast emails, text messages, and screen alerts on all staff, faculty, and student network computers.

To receive emergency notification alerts, log on to **www.btc.edu/alerts** and update your contact information.

The college will also post updates during critical incidents on its website: www.btc.edu, and BTC's Emergency Closure and Storm Watch telephone line (360.752.8766) will be recorded with emergency notification information and updates. In the event of an emergency, BTC also posts key information to its

website and social media accounts (e.g. Facebook, Twitter) regarding the situation and any closure information. Facilities and College Administration will monitor inclement weather conditions and will inform students and employees when emergency procedures are required.

Immediate Notifications

All members of the campus community are required to report any situation or incident on campus that involves a significant emergency or dangerous situation to Bellingham Police Department (BPD) and campus administrators (if time allows). Campus administrators and BPD have the responsibility of responding to, and summoning the necessary resources, to mitigate, investigate, and document any situation that may cause a significant emergency or dangerous situation. BTC has a responsibility to respond to such incidents to determine if the situation does in fact pose a threat to the community. If that is the case, Federal Law requires that the institution immediately notify the campus community or the appropriate segments of the community that may be affected by the situation.

BTC will, immediately, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

If campus administrators confirm there is an emergency or dangerous situation that poses an immediate threat to the health and safety of some or all members of the campus community, and that issuing a notification will not compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency, the Vice President of Administrative Services (or their designee) and the campus Public Information Officer will collaborate with BPD to determine the content of the message and will use some or all of the systems available to communicate the threat to the campus community, or to the appropriate segment of the community, if the threat is limited to a particular building or segment of the population.

Notifications involving imminent danger will include real-time updates to the campus community as they become available, including at least one follow-up message letting the campus community know when the situation is under control and no longer a threat.

Timely Warnings

In the event that a situation arises either on or off campus that, in the judgment of campus administrators, constitutes a serious or ongoing threat to the campus community, a campus-wide Timely Warning Notice will be issued by blast email to faculty, staff, and students, and will also be sent via text message to anyone who

has signed up to receive emergency notification text alerts.

Timely Warning Notices are usually distributed for the following Uniform Crime Reporting Program (UCR)/National Incident Based Reporting System (NIBRS) classifications: major incidents of arson, murder/nonnegligent manslaughter, and robbery involving force or violence. Incidents of aggravated assault and sex offenses are considered on a case-by-case basis, depending on the facts of the case and the information known by campus administrators. For example, if an assault occurs between two students who have a disagreement, there may be no ongoing threat to the other campus community members; therefore, a Timely Warning would not be distributed. Sex assaults are considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount of information known by campus administrators. Timely Warning Notices may also be distributed for other crime classifications, as deemed necessary.

The Vice President of Administrative Services reviews all reports from members of the community and local law enforcement to determine if there is an ongoing threat to the community and if the distribution of a Timely Warning Notice is warranted. The Vice President of Administrative Services (or their designee) and the Public Information Officer will develop Timely Warning Notices to notify the campus community about serious crimes against people that occur on campus, where it is determined that the incident may pose an ongoing threat to members of the campus community. Timely Warning Notices are issued as soon as pertinent information is available.

Campus Assessment, Response, and Evaluation (CARE) Team

The Bellingham Technical College CARE team is a multidisciplinary team whose purpose is to support students and employees via an established protocol designed to help detect early indicators of a potential for disruptive conduct, self-harm, and risk of violence to others. CARE assesses and reviews student behavioral incidents that may involve student code violations, mental health, safety issues, or illegal acts that have occurred on campus. On occasion, off-campus incidents may be reviewed if the parties involved are students of Bellingham Technical College.

Behaviors of concern might be observed in a number of settings: in the classroom, at a service location, in an on-campus job, or during participation at an extracurricular activity. By immediately reporting behaviors that are concerning, the CARE Team will be able to reach out to students to intervene, provide support, take disciplinary action, or connect them with resources to assist them.

Moderate to severe incidents in progress should be immediately reported to BTC Safety and Security Authorities.

CARE Reports for behaviors of concern can be made online at:
(<https://www.btc.edu/AboutBTC/ReportsandPolicies/IncidentReporting.html>).

Student Conduct & Discipline

Admission to Bellingham Technical College carries with it the expectation that students will conduct themselves as responsible members of the college community. This includes the expectation that students will obey the law; comply with the rules and regulations of the College; maintain high standards of integrity and honesty; respect the rights, privileges, and property of other members of the College community; and will not interfere with College operations. The College will deal with sanctions for violations of College rules or conduct that interferes with the operation of college affairs, and the College may impose sanctions independently of any action taken by civil or criminal authorities. In the case of minors, misconduct may be referred to parents or legal guardians.

Student activity or behavior which violates any provision of the Student Conduct Code is not acceptable; yet, an individual who enrolls at the College can rightfully expect that the instructors and administrators will exercise with restraint the power of the College to regulate student behavior, and that rules and regulations will be adopted only when the education process clearly and directly requires such legislation. However, restrictive rules and regulations will not be made without showing relevance to those conditions toward which they apply. The enforcement of these rules and regulations shall be fair and shall be pursued in accordance with regulations governing student conduct. Sanctions, up to and including expulsion from the College, may be imposed for failure to satisfy the expectations stated above. These sanctions will determine whether, and under what conditions, the violator may continue at the College.

Disciplinary Sanctions

In keeping with educational purposes of the College, disciplinary sanctions, other than those requiring expulsion, are intended to be remedial rather than punitive. All disciplinary actions will be initiated by the Student Conduct Officer. If that officer is the subject of the complaint initiated by the respondent, the president shall, upon request and when feasible, designate another person to fulfill any such disciplinary responsibilities relative to the complainant.

In addition to initiating discipline proceedings for violations of the Student Conduct Code, the College may refer any violations of federal, state or local laws to civil and criminal authorities for disposition. The College shall proceed with student disciplinary proceedings regardless of whether the underlying conduct is subject to civil or criminal prosecution.

The College will, upon written request, disclose to the alleged victim of a crime of violence or a non-forcible sex offense the report on the results of any disciplinary

proceeding conducted by the institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

Sexual Misconduct: Discipline & Prevention

Sexual misconduct is in violation of the BTC Student Conduct Code, as well as a violation of State and Federal laws. BTC will not tolerate sexual assault, sexual harassment, domestic violence, dating violence, stalking, or other forms of sexual misconduct. In addition to possible civil and criminal charges, any student who is found guilty of sexual misconduct, based on a preponderance of the evidence — following appropriate BTC proceedings — will be subject to disciplinary procedures (see Student Conduct Code). Suspension or dismissal from the college is the maximum penalty BTC may impose on students. In the case of an allegation of sexual harassment on the part of a college employee, the disciplinary review may result in counseling, suspension and/or termination of employment.

BTC utilizes procedures that provide prompt, fair, and impartial investigation and resolution in cases involving domestic violence, dating violence, sexual assault, sexual harassment, and stalking. These procedures are carried out by officials who receive specific training. Both parties will be afforded the option to be accompanied by a support person to any interviews or meetings involving the investigation and, if requested, may be assigned an advisor to help understand related procedures. See Title IX Grievance Procedures on page 21 for additional information.

BTC attempts to foster a safe learning and working environment for all members of the campus community. In compliance with the requirements outlined in the Violence Against Women Reauthorization Act and Title IX, BTC's primary prevention program (see definition on page 33) for all incoming students is the Campus Clarity "Think About It" training. All College staff are also required to complete sexual misconduct prevention training.

These training programs describe safe and positive options for bystander intervention; information on prevention and risk reduction; and college policies and procedures in the event a sex offense occurs. BTC strives to make the campus a safe and responsible place by educating the campus community about preventing, reporting, and seeking victim resources concerning sexual violence, dating violence, domestic violence, and instances of stalking.

Response to Sexual Assault & VAWA Offenses

If you or someone you know is the victim of sexual assault, dating violence, domestic violence, or stalking, report it immediately to the police. It is important to preserve evidence by contacting the police (911) as soon as possible after the

crime. BTC Safety personnel should also be notified as soon as practical of any incident of sexual assault, sexual misconduct, dating violence, domestic violence, or stalking that occurs on campus. The well-being of the victim is the primary concern of the College, and counselors can assist victims in notifying the appropriate law enforcement authorities when a crime occurs. Counselors are located in College Services, Room 106, and can be reached by phone at 360.752.8345. Victims may also decline to notify authorities. Upon receiving a report of an incident of sexual misconduct, dating or domestic violence, and/or stalking that occurs on campus, BTC will provide written notification to the student or employee about existing counseling, health, and mental health services; victim advocacy; legal assistance; visa and immigration assistance; student financial aid; and other available services for victims both within the institution and in the community.

Victims of sexual assault may request a change in their academic and working schedule on campus after an incident takes place, if such changes are reasonably available. Requests for a change in academic and work schedules (work-study) should be directed to the office of the Vice President of Student Services. BTC prohibits retaliation by the college or any official of the college against any individual for exercising their rights or responsibilities under any provision of the Clery Act of the Campus SaVE Act.

Positive Options for Bystander Intervention

A bystander is someone other than the victim who is present when an act of dating violence, domestic violence, stalking or sexual assault is occurring or when a situation is occurring in which a reasonable person feels as though some protective action is required to prevent sexual assault, dating violence, domestic violence or stalking. Bystanders, if active, can prevent harm or intervene before a situation gets worse. Examples of active bystander intervention include: not leaving an overly intoxicated person in a bar/party alone; walking a classmate to their car after class; calling police when a potentially violent situation is unfolding; not leaving an unconscious person alone; or intervening when someone is being belittled, degraded or emotionally abused (walking victim away from abuser, contacting others for help, like Counseling Center or Campus Safety).

Preservation of Evidence

Preserving evidence of a sex offense is time critical. As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, they nevertheless should consider speaking with a Campus Safety Authority or other law enforcement to preserve evidence in the event that the victim changes their mind at a later date.

It is important that a victim of sexual assault not bathe, douche, smoke, drink, change clothing, or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence as may be necessary to the proof of criminal activity may be preserved. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, emergency rooms and health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease.

Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs, or other copies of documents, if they have any, that would be useful to college hearing boards/investigators or police.

Weapons on Campus

Carrying, exhibiting, displaying, or drawing any weapon, as defined in the BTC Campus Conduct Code, is prohibited on or in college-owned or college-operated facilities and premises and/or during college-sponsored events.

Any individual discovered in possession of a weapon as defined in the Student Conduct Code on BTC property is subject to being escorted off campus by BTC Security authorities, BTC disciplinary action, and/or arrest in accordance with state and federal laws.

Controlled Substances

Bellingham Technical College (BTC) campus is committed to providing a drug-free, healthful, safe, and secure workplace and environment, and has implemented a drug and alcohol abuse, prevention, and assistance program. The College annually notifies employees and students that the unlawful possession, use, or distribution of illicit drugs and alcohol on College property, or as any part of College activity, is prohibited (WAC 495B-121-040 (12-14)). Alcoholic beverages may be served at scheduled events at Bellingham Technical College provided all Washington laws and BTC administrative procedures, guidelines, and regulations are met.

Although possession and use of marijuana is legal in the state of Washington, federal laws bind BTC, which makes possession and use of marijuana illegal. Possession, use, and being under the influence of marijuana are prohibited on BTC campus or at any BTC function, and will be grounds for disciplinary action. There are numerous local, state, and federal statutes related to the manufacture, distribution, dispensation, possession, and use of controlled substances. Such laws are strictly enforced by the City of Bellingham Police Department and BTC Administrative Services.

Legal sanctions may be imposed for both felony and misdemeanor convictions and range from loss of financial aid to fines to multi-year prison terms. More severe penalties are provided for persons convicted of providing controlled substances to minors and for repeat offenses.

The following nonexclusive list of health risks have been identified as associated with the use and abuse of illicit drugs and alcohol: memory loss; depression; fetal alcohol syndrome; problem pregnancy; sclerosis; circulatory problems; insomnia; heart failure; respiratory arrest; cardiac arrest; seizures; coma; anxiety; paranoia; irritability; fatigue; mental illness; and death.

BTC recognizes alcohol and drug dependency to be an illness and major health problem, and has developed a program to prevent the illicit use of drugs and the abuse of alcohol by students and employees. The program provides services related to drug use and abuse, including dissemination of information materials,

educational programs, counseling services, referrals, and college disciplinary actions.

Registered Sex Offenders

In accordance with the Campus Sex Crimes Prevention Act of 2000 and the Adam Walsh Child Protection and Safety Act of 2006 (42 U.S.C. 16921), BTC provides a link to the Sex Offender Registry on BTC's website. This act requires institutions of higher education to issue a statement advising the campus community where law enforcement information provided by a state concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a state to provide notice of each institution of higher education in that state at which the person is employed, carries a vocation, or is a student. Sex offenders are required to notify the Vice President of Student Services of their intent to enroll at BTC. A list of those individuals who have complied with this requirement is kept by the Vice President of Student Services.

When a registered Level I or II sex offender is enrolled at BTC, administrators, counselors, advisors, instructors in courses where the students are enrolled, and affected staff (e.g., in the Library, Tutoring Center) are informed through campus email. When a Level III sex offender is enrolled, the entire campus may be informed through postings across campus, including in all classrooms where the student is attending. In addition, counselors may visit each class in which a Level III sex offender is enrolled, to address any concerns.

The Whatcom County Sheriff's Office advises the following: Experts believe sex offenders are less likely to re-offend if they live and work in an environment free of harassment. Any actions taken against the individuals named in the notification, including vandalism of property, verbal or written threats of harm, or physical violence against this person, their family, or employer, will result in arrest and prosecution of criminal acts.

It is against the law (RCW 9A.44.130) to use this information in any way to threaten, intimidate, or harass registered offenders.

Notifications are intended as information items only and there is no additional action required nor is this intended to create excessive anxiety among students and staff. For more information, please contact the office of the Vice President of Student Services at 360.752.8443.

Law Enforcement Assistance

Bellingham Technical College campus is within the jurisdictional boundaries of the Bellingham Police Department. Requests for any law enforcement-related issues are directed to the Bellingham Police Department.

Personal Security & Crime Prevention

Personal security is a shared responsibility. During quarterly orientation sessions, students are encouraged to be aware of their responsibility for their own safety and security and the security of others. BTC student handbooks cover the keys to security awareness, emergency procedures, and crime reporting information. All members of the campus community are urged to follow standard crime prevention practices such as:

- Be alert for suspicious persons in and around campus buildings and parking lots.
- Do not leave valuables such as purses, wallets, and bags in unattended spaces.
- Avoid walking alone at night. Choose a route that avoids dark, vacant areas.
- Wear clothing and shoes that allow you to move quickly.
- Walk with a purpose. Project an assertive or businesslike image.
- Be conscious of your surroundings. Anticipate potentially dangerous situations.
- Have your car key ready before getting to the car so that you are not delayed by fumbling for it.
- When parking at night on the street or in the parking lot, park in well-lighted areas that are well traveled.
- Never leave valuables visible in your car.
- Look into the car before you get in to be sure no one is hiding inside. When you get into your car, lock all doors and roll up the windows.
- Drive on well-traveled streets and never pick up hitchhikers.
- If you are being followed, drive to a police station, fire station, or open business to seek help. If you fear getting out of your car, sound your horn to get attention.
- If your car breaks down, raise the hood, then get back in your car and lock the doors. If someone does stop to help, do not get out; instead ask that a call for help be made.
- If you sense a potential threat, consider your options, then act:
 - Try to get away from the danger.
 - Scream, create a commotion.
 - Run toward well-lighted public areas.
 - Go into open buildings where other persons are present.
 - Call the police immediately. Describe what happened and where, the suspect, and their direction and method of travel.

Bellingham Technical College has a long history of being a safe and welcoming campus. We are very aware that a truly safe campus can be achieved only through the cooperation of everyone. By increased awareness and reporting suspicious activity, together we can help reduce crime on campus.

Crime Prevention & Security Awareness Programs

BTC is dedicated to promoting and maintaining safety awareness and community outreach programs for students, faculty, and staff. BTC sponsors a variety of crime prevention programs each year, including personal safety presentations by the Bellingham Police Department and other activities to prevent crime and reduce the threat of campus violence. The college's Campus Assessment, Response, and Evaluation (CARE) Team is also notified of suspicious activities or persons of concern and determines appropriate action.

Grievance Procedures — Discrimination & Harassment

Bellingham Technical College recognizes its responsibility for investigation, resolution, implementation of corrective measures, and monitoring the educational environment and workplace to stop, remediate, and prevent discrimination on the basis of race, ethnicity, creed, color, sex, gender, citizenship status, national origin, age, marital status, religious preference, the presence of any sensory, mental, or physical disability, reliance on public assistance, sexual orientation, veteran status, political opinions or affiliations, or genetic information under any of its programs, activities and services. To this end, Bellingham Technical College has enacted policies prohibiting discrimination against and harassment of members of these protected classes. Any individual found to be in violation of these policies will be subject to disciplinary action up to and including dismissal from the College or from employment.

Definitions

Complainant: Employee(s), applicant(s), student(s), or visitors(s) of Bellingham Technical College who alleges that they have been subjected to discrimination or harassment due to their membership in a protected class.

Complaint: A description of facts that allege violation of the College’s policy against discrimination or harassment.

Sexual Misconduct: Prohibited sexual or gender-based conduct by a complainant, including, but not limited to:

- 1) Sexual activity for which clear and voluntary consent has not been given in advance;
- 2) Sexual activity with someone who is incapable of giving valid consent because, for example, they are underage, sleeping, or otherwise incapacitated due to alcohol or drugs;
- 3) Sexual harassment;
- 4) Sexual violence, which includes, but is not limited to, sexual assault, domestic violence, dating/intimate violence, and sexual or gender-based stalking; or
- 5) Nonphysical conduct such as sexual or gender-based digital media stalking, sexual or gender-based online harassment, sexual or gender-based cyberbullying, nonconsensual recording of sexual activity, and nonconsensual distribution of a recording of a sexual activity.

Consent: Knowing, voluntary, and clear permission by word or action, to engage in mutually agreed upon sexual activity. Each party has the responsibility to make certain that the other has consented before engaging in the activity. For consent to be valid, there must be at the time of the act of sexual intercourse or sexual contact actual words or conduct indicating freely given agreement to have sexual intercourse or sexual contact.

A person cannot consent if they are unable to understand what is happening or are disoriented, helpless, asleep, or unconscious for any reason, including due to alcohol or other drugs. An individual who engages in sexual activity when the individual knows, or should know, that the other person is physically or mentally incapacitated has engaged in nonconsensual conduct. Intoxication is not a defense against allegations that an individual has engaged in nonconsensual sexual conduct.

Discrimination: Unfavorable treatment of a person based on that person’s membership or perceived membership in a protected class. Harassment is a form of discrimination.

Harassment: A form of discrimination consisting of physical or verbal conduct that denigrates or shows hostility towards an individual because of their membership in a protected class or their perceived membership in a protected class. Harassment occurs when the conduct is sufficiently severe and/or pervasive and so objectively offensive that it has the effect of altering the terms or conditions of employment or substantially limiting the ability of a student to participate in or benefit from the College’s educational and/or social programs and/or student housing. Petty slights, annoyances, offensive utterances, and isolated incidents (unless extremely serious) typically do not qualify as harassment. Examples of conduct that could rise to the level of discriminatory harassment include but are not limited to the following:

- Epithets, “jokes,” ridicule, mockery or other offensive or derogatory conduct focused upon an individual’s membership in a protected class.
- Verbal or physical threats of violence or physical contact directed towards an individual based upon their membership in a protected class.
- Making, posting, emailing, texting, or otherwise circulating demeaning or offensive pictures, cartoons, graffiti, notes or other materials that relate to race, ethnic origin, gender or any other protected class.

Protected Class: Persons who are protected under state or federal civil rights laws, including laws that prohibit discrimination on the basis of race; color; national origin; sensory, mental, or physical disability; use of a service animal; gender, including pregnancy; marital status; age; religion; creed; sexual orientation; gender identity; or veteran's status.

Proceeding: All activities related to a non-criminal resolution of an institutional disciplinary complaint, including, but not limited to, fact-finding investigations, formal or informal meetings, and hearings.

Resolution: The means by which the complaint is finally addressed. This may be accomplished through informal or formal processes, including counseling, mediation, or the formal imposition of discipline sanction(s).

Respondent: Person or persons who are members of the campus community who allegedly discriminated against or harassed another person(s).

Result: Any initial, interim, and final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanctions imposed by the institution, as well as the rationale for the result and the sanction.

Sexual Harassment: A form of discrimination the includes, but is not limited to, engaging in unwelcome, gender-based verbal, written, electronic and/or physical conduct. Sexual harassment does not have to be of a sexual nature, however, and can include offensive remarks about a person’s gender. There are two types of sexual harassment:

- 1. Hostile Environment Sexual Harassment** occurs when the conduct is sufficiently severe and/or pervasive and so objectively offensive that it has the effect of altering the terms or conditions of employment or substantially limiting the ability of a student to participate in or benefit from the College’s educational and/or social programs (and/or student housing).
- 2. Quid Pro Quo Sexual Harassment** occurs when an individual in a position of real or perceived authority conditions the receipt of a benefit upon granting of sexual favors.

Examples of conduct that may qualify as sexual harassment include:

- Persistent comments or questions of a sexual nature.
- A supervisor who gives an employee a raise in exchange for submitting to sexual advances.
- An instructor who promises a student a better grade in exchange for sexual favors.
- Sexually explicit statements, questions, jokes, or anecdotes.
- Unwelcome touching, patting, hugging, kissing, or brushing against an individual’s body.
- Remarks of a sexual nature about an individual’s clothing, body, or speculations about previous sexual experiences.
- Persistent, unwanted attempts to change a professional relationship to an

amorous relationship.

- Direct or indirect propositions for sexual activity.
- Unwelcome letters, emails, texts, telephone calls, or other communications referring to or depicting sexual activities.

Sexual Violence: Sexual or gender-based misconduct perpetrated against a person's will or where a person is incapable of giving consent including, but not limited to, nonconsensual sexual intercourse, nonconsensual sexual contact, domestic violence, incest, dating violence, and stalking.

1. **Nonconsensual sexual intercourse** is any actual or attempted sexual intercourse (anal, oral, or vaginal), however slight, with any object, by a person upon another person, that is without consent and/or by force. Sexual intercourse includes anal or vaginal penetration by a penis, tongue, finger, object, or oral copulation by mouth to genital contact or genital to mouth contact.
2. **Nonconsensual sexual contact** is any actual or attempted sexual touching, however slight, with any object, by a person upon another person that is without consent and/or by force. Sexual touching includes any bodily contact with the breasts, groin, mouth, or other bodily orifice of another individual, or any other bodily contact in a sexual manner.
3. **Domestic violence** includes asserted violent misdemeanor and felony offenses committed by the victim's current or former spouse, current or former cohabitant, person similarly situated under domestic or family violence law, or anyone else protected under domestic or family violence law.
4. **Dating violence** means violence by a person who has been in a romantic or intimate relationship with the victim. Whether there was such relationship will be gauged by its length, type, and frequency of interaction.
5. **Stalking** means intentional and repeated harassment or following of another person, which places that person in reasonable fear that the perpetrator intends to injure, intimidate, or harass that person. Stalking also includes instances where the perpetrator knows or reasonably should know that the person is frightened, intimidated, or harassed, even if the perpetrator lacks such intent.

Who May File a Complaint

Any employee, applicant, student or visitor of the College may file a complaint. Complaints may be submitted in writing, verbally, or online. The College encourages the timely reporting of any incidents of discrimination or harassment.

2. **For Employee, Applicant, Visitor, or Other Complaints:** Human Resources Office, College Services Building Rm. 124, 360.752.8354

Any person submitting a discrimination complaint shall be provided with a written copy of the College's anti-discrimination policies and procedures.

Confidentiality & Right to Privacy

Bellingham Technical College will seek to protect the privacy of the complainant to the full extent possible, consistent with the legal obligation to investigate, take appropriate remedial and/or disciplinary action, and comply with the federal and state law, as well as Bellingham Technical College policies and procedures.

Although Bellingham Technical College will attempt to honor complainants' requests for confidentiality, it cannot guarantee complete confidentiality. Determinations regarding how to handle requests for confidentiality will be made by the Title IX Coordinator and EEO/AA Officer.

Confidentiality Requests and Sexual Violence Complaints. The Title IX Coordinator or EEO/AA Officer will inform and attempt to obtain consent from the complainant before commencing an investigation into a sexual violence complaint. If a sexual violence complainant asks that their name not be revealed to the respondent or that the College not investigate the allegation, the Title IX Coordinator or EEO/AA Officer will inform the complainant that maintaining confidentiality may limit the college's ability to fully respond to the allegations and that retaliation by the respondent and/or others is prohibited. If the complainant still insists that their name not be disclosed or that the College not investigate, the Title IX Coordinator or EEO/AA Officer will determine whether the College can honor the request and at the same time maintain a safe and non-discriminatory environment for all members of the college community, including the complainant. Factors to be weighed during this determination may include, but are not limited to:

- The seriousness of the alleged sexual violence;
- The age of the complainant;
- Whether the sexual violence was perpetrated with a weapon;
- Whether the respondent has a history of committing acts of sexual violence or violence or has been the subject of other sexual violence complaints;
- Whether the respondent threatened to commit additional acts of sexual violence against the complainant or others; and

- Whether relevant evidence can be obtained through other means (e.g., security cameras, other witnesses, physical evidence).

If the College is unable to honor a complainant's request for confidentiality, the Title IX Coordinator or EEO/AA Officer will notify the complainant of the decision and ensure that complainant's identity is disclosed only to the extent reasonably necessary to effectively conduct and complete the investigation.

If the College decides not to conduct an investigation or take disciplinary action because of a request for confidentiality, the Title IX Coordinator or EEO/AA Officer will evaluate whether other measures are available to limit the effects of the harassment and prevent its recurrence and implement such measures if reasonably feasible.

Investigation Procedure

Upon receiving a discrimination complaint, the College shall commence an impartial investigation. The Title IX Coordinator shall be responsible for overseeing all investigations pertaining to students. The EEO/AA Officer shall be responsible for overseeing all investigations pertaining to employees, applicants, visitors, or others. Investigations may be conducted by the Title IX Coordinator or their designee.

If the investigation is assigned to someone other than the Title IX Coordinator, the Title IX Coordinator shall inform the complainant and respondent(s) of the appointment of an investigator.

Interim Measures. The Title IX Coordinator or EEO/AA Officer may impose interim measures to protect the complainant and/or respondent pending the conclusion of the investigation. Interim measures may include, but are not limited to, imposition of no contact orders, rescheduling classes, temporary work reassignments, referrals for counseling or medical assistance, and imposition of summary discipline on the respondent consistent with the Student Conduct Code or the College's employment policies and collective bargaining agreements.

Investigation. Complaints shall be thoroughly and impartially investigated. The investigation shall include, but is not limited to, interviewing the complainant and the respondent, relevant witnesses, and reviewing relevant documents. The investigation shall be concluded within a reasonable time, normally sixty days barring exigent circumstances. At the conclusion of the investigation, the investigator shall set forth the results of their findings and recommendations in writing. If the Title IX investigator is a designee, the investigator shall send a copy of the results to the Title IX Coordinator. The Title IX Coordinator shall consider the findings and recommendations and determine, based on a preponderance of the evidence, whether a violation of the discrimination and harassment policy occurred, and if so, what steps will be taken to resolve the complaint, remedy the

effects on any victim(s), and prevent its recurrence.

Possible remedial steps may include, but are not limited to, referral for voluntary training/counseling, development of a remediation plan, limited contact orders, and referral and recommendation for formal disciplinary action. Referrals for disciplinary action will be consistent with the student conduct code or college employment policies and collective bargaining agreements.

Written Notice of Decision. The Title IX Coordinator or EEO/AA Officer will provide each party and the appropriate student services administrator or appointing authority with simultaneous written notice of the results of the investigative findings and of actions taken or recommended to resolve the complaint, subject to the following limitations. The complainant shall be informed in writing of the findings and of actions taken or recommended to resolve the complaint, if any, only to the extent that such findings, actions or recommendations directly relate to the complainant, such as a finding that the complaint is or is not meritorious or a recommendation that the accused not contact the complainant. The complainant may be notified generally that the matter has been referred for disciplinary action. The respondent shall be informed in writing of the findings and of actions taken or recommended to resolve the complaint and shall be notified of referrals for disciplinary action.

Both the complainant and the respondent are entitled to review any findings, conclusions, and recommendations, subject to any FERPA confidentiality requirements.

Informal Dispute Resolution. Informal dispute resolution processes, like mediation, may be used to resolve complaints, when appropriate. Informal dispute resolution shall not be used to resolve sexual discrimination complaints without written permission from both the complainant and the respondent. If the parties elect to mediate a dispute, either party shall be free to discontinue mediation at any time. In no event shall mediation be used to resolve complaints involving allegations of sexual violence.

Final Decision/Reconsideration. Either the complainant or the respondent may seek reconsideration of the decision by the Title IX Coordinator or EEO/AA Officer. Requests for reconsideration shall be submitted in writing to the Title IX Coordinator or EEO/AA Officer within 21 calendar days of receiving the decision. Requests must specify which portion of the decision should be reconsidered and the basis for reconsideration. If no request for reconsideration is received within the specified period, the decision becomes final. If a request for reconsideration is received, the Title IX Coordinator or EEO/AA Officer shall either deny the request or, if the Title IX Coordinator or EEO/AA Officer determines that the request for reconsideration has merit, issue an amended decision. Any amended decision is final and no further reconsideration is available.

Publication of Anti-Discrimination Policies & Procedures

The policies and procedures regarding complaints of discrimination and harassment shall be published and distributed as determined by the president or president’s designee. Any person who believes they have been subjected to discrimination in violation of College policy will be provided a copy of these policies and procedures.

Limits to Authority

Nothing in this procedure shall prevent the College President or designee from taking immediate disciplinary action in accordance with Bellingham Technical College policies and procedures, and federal, state, and municipal rules and regulations.

Non-Retaliation, Intimidation & Coercion

Retaliation by, for or against any participant (including complainant, respondent, witness, EEO/AA Officer, Title IX Coordinator, or investigator) is expressly prohibited. Retaliatory action of any kind taken against individuals because of seeking redress under the applicable procedures or serving as a witness in a subsequent investigation or any resulting disciplinary proceedings is prohibited and is conduct subject to discipline. Any person who thinks they have been the victim of retaliation should contact the Title IX Coordinator or EEO/AA Officer immediately.
